

Viper 5W20 SN/CF

FULLY SYNTHETIC MOTOR OIL

Viper 5W20 Fully synthetic gasoline engine oil developed with high quality synthetic base oils and high viscosity index base oils. It is a low-viscosity, high-stability engine oil that has emerged as a result of unique additive technology and the perfect blend of the latest synthetic oils. It significantly prevents friction losses and deposit formation in the engine and provides resistance to wear. In addition to its excellent lubrication and anti-corrosion properties in a wide temperature range, it provides superior and long-lasting engine protection thanks to its formula developed with anti-wear technology. It is recommended to be used in all working conditions, especially in stop-start, heavy city traffic use.
